TABOO girls are full of suprises. Covergirl Emily Willis is quite the charmer. Who would have thought that she loves to be pissed on?

Gagged, Samantha Rone pleads so beautifully with her stunning eyes. She is put through the paces and expertly shot for us by the ellusive Matti Klatt.

Krider is back this issue showing off the one-eyed beauty Princess. Fans of retro style will not be disappointed, as she fills her shapewear and stockings out very nicely. Princess' eyepatch does not slow her down one bit as you will see in her thought provoking interview.

Lexi's strong punishment is well deserved. She can be a little bratty. The remote, rustic cabin provides the perfect backdrop for her torment. Enjoy the show.

Happy New Year! Thank you for another great year of support!

When did you start fetish modeling and under what circumstances?

I started modeling in 2008; it seems like a lifetime ago. I've always been artistic-minded and had recently graduated with a degree from a prestigious art university in New York City. Chas and I met through a mutual friend, and after seeing the quality of his work, I didn't need much convincing to get onboard with his artistic vision.

What fetishes do you like? What do you fetishize in your life?

I'm a big fan of fetish art and fashion, especially older photography and illustration. My partner and I collect pre-1970s pornography and fetish fashion, as well as fetish and/or nude photography, illustration and decor. Our collection is mostly vintage with a few modern pieces thrown in. Some of my personal favorites are boots from John Willie's personal collection and prints from Toshio Saeki.

Why did you want to shoot for TABOO?

I've been called "a perfectionist to the point of cruelty," and it's absolutely true. The person I'm hardest on is myself. It can be difficult to face the media's portrayal of women and find peace with your own body. We can all look at ourselves and find the elements of our body we don't like, things we can't change, bits and pieces we compare to other people through that toxic pattern of thinking "I *wish* I was" instead of "I'm happy I *am*." Shooting nude, for me, is a way to face all of that, a way to be comfortable with myself, my body and all of the baggage that comes with it. Being nude for a photo-shoot is liberating; I highly recommend giving it a try if you have access to a professional boudoir or fetish photographer. It's an empowering experience to see your sexuality through someone else's lens. I hope that by confidently showing my flaws to the masses it will encourage other women to be a little easier on themselves.

Have you ever been spanked?

Yes, as a child and as an adult. Parents, this is where your kids will end up if you spank them! You've been warned. lol

What is the wildest thing you have ever done, on or off set?

Quit my steady job and started my own successful business. Shout out to all of those who've done the same—it takes a lot of guts to leave stability behind for the risk of failure.

What do you think about anal sex?

I don't really think about it at all. If it makes you happy, and you're with consenting adults, do as you please. Let me say that word again: *consenting*. Asking permission is sexy; people should do it more often.

Are you more interested in the art of fetish modeling or the sex of fetish porn or both?

For me it's the art and the attitude. I love to think of the ladies that came before me and how they really changed the landscape of female sexuality. Women want to openly express sexuality through art without mainstream backlash. We've come a long way, but we need to keep moving forward. The bold and beautiful women pushing boundaries in the 20th century changed the landscape enough that I don't have to hide my artistic explorations from my friends and family, but, unfortunately, there are still people out there who think I deserve to get raped because of what I choose to do. Here's hoping #MeToo and #TimesUp get us a few steps further in what has been a long and slow movement for equality. Having images of myself in TABOO, or any public forum, is my way of taking that additional step forward for the masses in an effort to normalize female sexuality and encourage the average working woman to see the beauty within herself.

Are you more submissive or dominant?

Dominant by day, submissive by night. I am a small-business owner, and I have to be the boss all day long. It's nice to let loose a bit when the lights go out.

Are you in a fetish lifestyle partnership? Would you like to be in one?

My partner is a fetish photographer and an incredible man. It's nice to have someone who doesn't judge my interests or make assumptions based on my artistic pursuits.

What was your favorite part of shooting for TABOO?

Chas and I have been working together for a long time, so my favorite part was getting to hang out with my friend. He understands and encourages my need to explore my sexuality in a safe place.

How did you come to be Princess Lovable?

Chas had asked me to bring something red to our next photo session, so I brought a vintage red bra and garter belt. While inspecting the items, Chas looked at the labels—the bra was by Princess; the garter was by Lovable. He chose Princess Lovable as my nickname a decade ago, and here we are.

May I ask a personal question? How did you lose your eye?

I don't mind the question. I wish more people would ask instead of just staring, to be honest. I was kicked in the face by a horse when I was 24. I had a great surgeon, and although he wasn't able to save my eye, he was able to save all of my teeth. Stretch marks, fat rolls, missing eyes, weird toes…we all have things we don't like about ourselves. But embrace your imperfections; they are beautiful.

It's dinnertime, which in Yasmin's case means it's time to humbly bend to the floor and lick milk out of a dish like a docile pussycat. It is not easy for a cat in heat like Yasmin, but she submits gracefully as always. He won't settle for less. She is even required to make her own after-dinner drink by squatting over a mirror and filling a glass bowl with steaming piss while he looks on stolidly. Soon, however, she knows his suit will come off and they'll both get equally down and dirty. It is the only civilized thing to do.

When did you start fetish modeling?
My very first week in the industry I shot a submissive scene, and I've always had a thing for being tied up—it's really hot! Then I started shooting for a site that just does bondage and no sex.

What kind of fetishes do you like and do you have an interest in fetish in your private life?
I have a *huge* peeing fetish. I like to get peed *on* and I like to pee on *other* people. I like squirting. Anything with peeing, I love!

When did you discover you liked that?
As an adult. One of my friends told me that she did a lot of peeing videos, and I was interested and started doing them too. Then I had a shoot where I had to pee at the end. I thought it was so cool!

Have you had pee in your mouth?
Oh yes, all over! It's fun!

Have you ever been spanked?
Yeah, I *love* it. I definitely like the rough sex, with the hair pulling, spanking, choking!

Why did you want to shoot for TABOO?
'Cause it's TABOO Magazine! And anything that's *taboo* is hot to me! I love the whole concept. The magazine is very artsy and amazing!

What is the wildest thing you've ever done on set or in front of a camera?
Off set, I've brushed my teeth with a guy's cum before! LOL! That was really hot! *On* camera, I really enjoy the G/G/G/B foursomes. It's so much fun and so much energy!

What do you think about anal sex?
I like it a *lot*. Learning how to get off on that is fun, but I'm more of a clitoral-stimulated person, so being able to get off on *both* is fun! I'm currently under contract now, so I don't do anal much. :-(

Are you more interested in the art of fetish modeling or the sex of fetish porn?
Both...100%! The art is absolutely *amazing*. I've always been drawn to the fetish stuff, and the sex is amazing 'cause I like the rough, crazy shit!

Is there anything you'd like the TABOO readers to know about you?
I have a *lot* of really fun stuff coming up, and you can definitely see me do some hardcore stuff in the future, so stay tuned for that!

Are you in a fetish lifestyle partnership or would you want to?
No, I'm not in one, but I would be open to trying that! Fuck, yeah!

ANAL ADVISOR

by Tristan Taormino

PHOTOS BY DAVE NAZ

dear anal advisor

It's wonderful that you are so pro-anal! I'm a connoisseur of fine posteriors, my wife's being on top of the list. We watched your video, *The Ultimate Guide to Anal Sex for Women*, and enjoyed it very much. Afterward, as I was coaxing my wife into the act, she tightened up, and it became a painful ordeal. We've had anal sex before, and she enjoys plugs in her butt when we have vaginal sex, but she can't take my turgid member as frequently as I would like.

—help my turgid member

dear turgid

Glad to hear that you worship your wife's ass. You need to take a little extra care so that both of you can enjoy anal sex. You need to concentrate on giving her a lot of foreplay before putting your dick in her ass. Use your fingers, then a dildo smaller than your dick, and let her get used to these first. Go slow, and make sure everything feels good to her before graduating to more fingers or a bigger toy. If she experiences discomfort or pain, there may be too much friction. Add more lube and see if it feels better when you slide back in. You can also try holding your finger or the toy still inside her; see if the pain subsides. If she's still hurting, stop penetration altogether and focus on more external stimulation—a hand job, oral sex, more foreplay. Let her know that she's the one in control of the situation. She needs to relax, take some deep breaths, listen to her body, and tell you when she's ready. When she's ready, grease up your turgid member and re-lube her ass. Place your cock at her anal opening and use your hand to guide it. At this point, you've got a few options: 1) Have her move her body toward your cock (forward or backward depending on your positions), while you ease it inside. 2) Rub your cock against her opening. This external stimulation should relax the anus. As the sphincter muscles contract, the opening appears to "wink" at you. When it winks open, take the opportunity to slide in. 3) Press your cock against her opening and gently push against it (she may want to either relax or bear down in order to let you inside). 4) Penetrate her ass with your finger, withdraw it, and while her anus is open, gently insert your penis. Have her stimulate her clit as you enter. This will relax and arouse her, making penetration easier. Deep breathing will help her concentrate on opening her ass to you, as well as circulating blood to her genitals. Shallow breathing tightens the muscles and inhibits the engorgement process. If you're having trouble hitting your intended target (hey, those two holes are close together, and it's slippery with all that lube), have her wrap her fingers around the head of your cock and help steer you inside her ass.

When you first get in, don't go too deep. You want to give her ass an opportunity to get used to your penis. Keep your movements slow, gentle, and subtle at first. When she's ready, you can venture farther inside and start some slow thrusting. She should tell you if she wants you to go deeper or faster or both. Then it's simply a matter of discovering what feels good for both of you.

dear anal advisor

Like you, I totally love anal sex. I've played with dildos and vibrators and had lots of fun. I think I want to try a butt-plug next. Do you have a favorite? What should I look for when I buy one?

—butt-plug beginner

dear beginner

The traditional butt-plug resembles a teardrop with a thicker bottom, or a skinny pear-shape. Variations include a lopsided diamond-shape and a bulbous head and long neck. Above the flared base, the plug's neck has the smallest circumference, designed to allow the sphincter muscles to close around it. Butt-plugs may be smooth or textured, with ridges, ripples, rings, or bumps. They're usually made of latex rubber or silicone, but there are also clear acrylic (similar to Lucite), glass, wood, ceramic, and even metal plugs for more experienced anal players. Butt-plugs come in a range of sizes. Start small and work your way up. If you like the feeling of fullness and pressure without necessarily moving anything in and out, than you will probably love a butt-plug. Butt-plugs are meant to go in and stay in. Once you slowly slide a well-lubed plug inside your ass, you can move on to clitoral stimulation, a blow-job, vaginal penetration or whatever other play you'd like—and the butt-plug will continue to stimulate without a lot of work on your part. You may find that, when you get really aroused or during orgasm, the plug inadvertently slips (or even shoots!) right out of your ass. While this may be surprising or embarrassing, don't be alarmed. It's pretty common. When excited, your genital muscles

contract, and may eject any object behind them. This doesn't necessarily mean the plug is too small and you need to run out and upgrade. It's just a signal that you were very turned on!

dear anal advisor

What STDs can I get from anal sex? Is it imperative that I wear a condom during anal sex to protect myself from disease? Is it dangerous for a woman to get fucked in her vagina after getting fucked in her ass?

—worried about stds

dear worried

The American Medical Women's Association recommends that you and your partner should be tested for HIV six months after either has had sexual contact with a different partner. During that six-month period, you should practice safer sex. You can contract almost any STD, including herpes, gonorrhea, chlamydia, syphilis, and HIV, as well as hepatitis, through unprotected anilingus and anal penetration with an infected partner.

Putting a latex glove on your hand for finger-fucking protects both you and your partner, especially if you have any cuts, scratches or even torn cuticles. Gloves come in different sizes. Make sure they fit.

As part of safer sex, you should use a condom every time you engage in vaginal or anal penetration. Because of the delicacy of anal and rectal tissue, bodily fluids infected with HIV and other viruses are transmitted and absorbed easier and more quickly into the bloodstream through the mucous membrane. Thus, unprotected anal intercourse can be more risky for both partners than unprotected vaginal intercourse.

You should never, ever put anything in the vagina that's been in the anus without thoroughly washing and disinfecting it first. Transferring rectal bacteria into the vagina can lead to yeast infections, urinary tract infections, and other ailments which will put a halt to your sex life. Just don't go there. If you're likely to want to use the same hand or tool in both the vagina and the anus—or your anus and then your partner's —expect a lot of running to the bathroom to wash up each time you switch gears. Using a new glove and/or condom when you change orifices or activities means less time cleaning and more time fucking.

When did you start fetish modeling?
I started December 1, which is when I started doing porn.

Was this your first bondage shoot?
Yes, and it was really fun! It was very uncomfortable, but I think the photos will turn out great.

Why did you want to shoot for TABOO?
I think the photos look really good, and I like how bondage looks on camera.

Have you ever been spanked before today?
Yes, I enjoy it!

When were you spanked?
I've done a spanking fetish video, and I've been spanked in my personal life, too.

What is the wildest thing you've ever done on set or in front of a camera?
Probably the fake-rape scene with pretend hitting special effects.

Have you ever been pissed on or pissed on someone?
I've been peed on before in the shower. I asked him to do it…I thought it would be fun!

How did it feel?
Warm.

Have you ever peed on someone?
No.

Did you already have experience doing anal before porn?
Yes, I do a lot of anal in my personal life!

How did you find out that you like it?
Well, I lost my anal virginity last Thanksgiving. It just sort of happened while we were in bed.

Do you think you will do more bondage modeling?
Yes, for sure!

Are you in a fetish lifestyle partnership?
No, but I wouldn't mind it! ;-)

ALANI AND OWEN

PHOTOGRAPHER
PONY GOLD

Owen's cock precedes him into the torture chamber. Alani suffers so sweetly, naked on her hands and knees in the rigid cage. She's just a prisoner to be broken, and he can stuff his huge slab down her gullet anytime he wants. After a few choking strokes he moves on to the humiliating hole inspection. He wants her dripping before dragging her aching body out of her barred hell and planting her on the squatting frame. It's going to be electricity tonight because she made the mistake of begging him not to use it on her. Struggling to breathe in the tight steel collar, Alani cringes when the clamps go on her tender nipples even before he twists the knobs on the box, raising the current until she screams. Tits and cunt lewdly thrust out, there's nothing she can do but endure the confusing sensations of the shock box and his massive meat stirring her insides. When Alani's close to coming, he bumps the current higher.

When she's not quick enough to answer his questions, she finds herself on the bench, ass up and head down, while Owen switches off between the whip, the electrified vaginal probe and the cattle prod. He leaves the shocker in her cooze while shafting her ass for an eternity, each stroke moving the internal plug around to zap her in new places inside. She still won't confess, but she will beg him to come in her mouth and all over her face. They both hope she doesn't crack too soon.

Only teenage TINA and her big sister LAURA contain the amazing exclusive form that expands *AFTER* you receive your exclusive love doll. Both TINA and LAURA have all their lovable soft-features built right in. Even their hands are not detachable. All their sexual organs have been designed to be a smooth continuous flow of their soft, well rounded bodies that feel so real, you'll wonder how this was ever accomplished

Even her sensuous lips, and deep throat mouth, powered by air suction, can open and close gently, thanks to her newly designed soft face. And best of all, you can order direct from the manufacturer, and save about ½ of what you would normally pay through a local mail order house. Dress her the way you want your girl to dress.
